

Good evening. This is Superintendent Dave Wolk. I imagine you already know this but I wanted to reiterate the statewide school closure news from the Governor this afternoon, and to reassure you that we have planning in place to serve our students. Student attendance on Monday and Tuesday is a family decision. No student will be penalized for not attending school. There will be no classes or activities in school buildings from this Wednesday, March 18 until Monday, April 6 at the earliest. Your school staff had already started planning for this possibility. We will have more news for you soon in the next few days, including on our website, regarding continued learning from home and the delivery of nutritious food as well. In the meantime, stay healthy, and be a good neighbor. That is our priority.
